

SUPPORT OUR EFFORTS

PRACTICAL SOLUTIONS is committed to “promoting functional families through words and deeds.” We fulfill this corporate mission through our four service areas. Our belief is that parental figures (i.e., fathers, mothers, grandparents, surrogate parents) play a key role in the temporal and eternal prosperity of their children. They also offer the most viable prevention strategy against our children’s involvement in self-destructive behaviors (e.g., alcohol/drugs, pre-marital and/or unprotected sex, and violence). When parents become the primary influencers of their children’s attitudes and behaviors, the primary beneficiary is society.
